References & Testimonials

Daniella is one of the most vibrant and sassy MC's that we've had the pleasure of working with. She's super inter-active with the crowd, and makes sure that everyone in the crowd is having nothing less than the best time of their lives. Great to play to a crowd who has been hyped up by someone like Daniella!

Rave Dave, The Kiffness.

"Daniella has the most incredible energy on stage, the crowds cannot get enough of her bouncy personality. She is indeed a major PART of the show and manages to sew together the acts before and after her. I was totally mesmerized by her sparkle, as were the people she was performing to, we literally hung on her every word, waiting to see what she would say next. She is one of the most talented, relaxed and professional MC's I have ever worked with and can't wait to work with her again"

Mark Stent, DJ – World's Strongest DJ.

Everything from MC'ing major and corporate events to excellent radio work, Daniella Pellegrini has done it all! The familiar voice of the popular Nat Geo Wild on DSTV was first heard by myself at an event I was attending not so long ago. After seeing and hearing the absolutely amazing personality that she conveys on stage, I saw how someone can take a crowd in the palm of their hand and get every single one of the attendees super psyched for the event. I have luckily enough worked with Daniella in a professional capacity and she demonstrates how the job must be done and also shows initiative to always take things to the next level.
